

EVERYTHING YOU WILL NEED!

THE ULTIMATE *College Packing List!*

About The List

Heyy, it's Emily! I am so happy that you found this list. After my freshman year of college, I created this master list (it literally has everything!) to make college packing MUCH easier. Now it's the most popular printable on my blog. I hope that you love it and happy packing!

Key

Keep in mind that some items you need will depend on your school & the climate.

*=buy a size twin XL to fit most dorm room beds

**=requires extra space in your room (I did not have these products freshman year and my room was perfectly fine!)

***=fire hazard, only use when you're in the room
